Meta’s Los Lunas Data Center

The Los Lunas Data Center is part of Meta’s global infrastructure that brings our technologies and services to life, along with future immersive experiences like the metaverse — the next chapter of the internet.

~$2B
Data center investment in New Mexico

2016
Broke ground on the Los Lunas Data Center

400+
Operational jobs supported once completed

1,100
Skilled trade workers on site at peak construction

$3.1M+
Direct funding to Valencia County area schools and nonprofits

80
Grants awarded since 2019 through the Data Center Community Action Grants program and other funding

We prioritize sustainability

Meta will be water positive by 2030, where we restore more water than we consume.

Meta has added 635MW of new renewable energy in New Mexico.

Our global operations, including our data centers and offices, are supported by 100% renewable energy and have reached net zero emissions.
Partnering with New Mexico

We are committed to supporting the community through hiring people to build and operate our data center, volunteering and supporting local schools, nonprofits and community projects.

Supporting local schools and nonprofits

One way we support the community is through our annual Data Center Community Action Grants program and other direct funding for projects that put the power of technology to use for community benefit, connect people online or off and improve STEM education.

New renewable energy investments

Meta worked with the Public Service Company of New Mexico (PNM) to meet our 100% renewable energy goals. We support 10 new renewable energy projects in New Mexico, and helped create a renewable energy program for customers looking to meet their renewable energy goals.

Minimizing water use

We are proud to build some of the most sustainable data centers in the world and prioritize onsite water efficiency. The Los Lunas Data Center:

- Uses cooling technology that is significantly more efficient than the industry standard.
- Reuses water numerous times before discharging it as wastewater.
- Is landscaped with native and drought resistant vegetation.
- Reuses reclaimed water for construction through a partnership with the Village of Los Lunas.

Water restoration

Our goal is to restore more water into local watersheds in New Mexico than we consume by supporting water restoration and conservation projects led by local community partners, including:

- Audubon Southwest.
- Forest Service Foundation.
- The Nature Conservancy.
- Trout Unlimited.

We’re proud to support projects led by:

Belen Consolidated Schools
Belen Public Library
CASA Partners4NM Kids
Explora Children’s Science Center
Friends of Whitfield Wildlife Conservation Area
Los Lunas Library
Los Lunas Schools
New Mexico MESA
New Mexico Museum of Natural History & Science
Rio Communities Optimist Club
Supercomputing Challenge
Teeniors
University of New Mexico – Valencia Campus
United Way of Central New Mexico, Valencia County Business Incubator
Valencia County
Valencia County Literacy Council
