We prioritize sustainability

- Meta will be water positive by 2030, where we restore more water than we consume.
- Meta is adding 530MW of new renewable energy in Tennessee.
- Our global operations, including our data centers and offices, are supported by 100% renewable energy and have reached net zero emissions.

Meta’s global fleet of data centers support our technologies that empower more than 3 billion people around the world to share ideas, offer support and make a difference.

Partnering with Tennessee

We are committed to supporting the community through hiring people to build and operate our data center, volunteering and supporting local schools, nonprofits and community projects.

Supporting local schools and nonprofits

One way we support the community is through our annual Data Center Community Grants program and other direct funding for projects that put the power of technology to use for community benefit, connect people online or off and improve STEM education.

New renewable energy investments

Meta worked with Tennessee Valley Authority to meet our 100% renewable energy goals for the Gallatin Data Center. This includes supporting seven new solar projects in Tennessee and creating an innovative renewable energy program that is available to other customers looking to meet their renewable energy goals.

Minimizing water use

We are proud to build some of the most sustainable data centers in the world and prioritize onsite water efficiency.

The Gallatin Data Center:

- Uses cooling technology that is significantly more efficient than the industry standard.
- Reuses water numerous times before discharging it as wastewater.
- Is landscaped with native vegetation where possible to reduce irrigation demands.
- Captures and infiltrates rainwater on site.
- Utilizes water saving fixtures and technologies within data center facilities.

We’re proud to support projects led by:

- Borderless Arts Tennessee
- Children Are People
- Forward Sumner Economic Partnership
- Friends of Gallatin Miracle Park
- Gallatin Area Chamber of Commerce
- Gallatin Day Care Center
- Gallatin Shalom Zone
- Greater Nashville Technology Council
- Hendersonville Area Chamber of Commerce
- Nashville Area Chamber of Commerce
- Rock the Street, Wall Street
- Sumner County Schools
- Tennessee Chamber of Commerce
- Tennessee FFA Foundation
- United Way of Sumner County
- Unlimited Potential
- Volunteer State Community College Education Foundation
